Education

2003 St. John's College (SJC), Santa Fe, NM – Undergraduate liberal arts degree in Western Classics; seminar-style “great books” curriculum, considered a philosophy and mathematics double major, music and lab sciences double minor.

2007 SJC – Master’s in Eastern Classics: focusing on classical Indian, Chinese, and Japanese philosophy, religion, literature, and history, as well as Sanskrit language.

2014 UAA, Master's in Cultural Anthropology, 4.0 GPA. Thesis: *Yèil kaawashòo*, “Raven was drinking”: An Ethnotoxicology of Alcohol among the Tlingit.

Topical and Area Interests

Topical Interests: Alaska Native cultures especially the Tlingit (*pre- & colonial history, historic trauma, decolonization*), Indigenous research methodologies (*Indigenous epistemology & ontology, values*), autoethnography (*reflexive & advocacy-based anthropology*), ethnohistory (*recapturing unrecorded history through historical sources*), ethnotoxicology (*cross-cultural views of substance use & abuse*), anthropology of religion (*Alaska Native spirituality, world religions*), ethnopsychology (*cross-cultural views of the mind & body*), linguistic anthropology (*sociolinguistics, Tlingit language*).

Area Interests: Alaska especially Southeast Alaska, the Arctic

Teaching Experience

2004-2005 Teaching internship in Juneau Douglas High School, secondary mathematics.

2005 Instructor for the math component of Sealaska Heritage Institute's 1st Latseen Summer Camp; was asked to interview Tlingit elder David Katzeek regarding how to apply the "Strong Man" (a.k.a., *Latseen*) story to the lives of the campers, and present a write-up of that interview to the students as part of the course.

- 2009-2011 Four teaching assistant (TA) positions in introductory anthropology courses; the UAA anthropology program requires the TA to give one lecture per semester.
- 2012-2017 Guest lecturer on Alaska Native history & culture at approximately 10 undergraduate and four graduate classes at UAA and Alaska Pacific University, as well as leading two Tlingit language circles for FAI summer interns, and other public speaking engagements addressing Alaska Native history & culture.

Field Work

- 2010 Graduate research assistant performing archival research for legal firm working on subsistence case relating to salmon harvest in Southeast Alaska.
- 2010-2011 Graduate research assistant transcribing interviews, including Tlingit and limited Haida transcriptions, for professor Steve Langdon's research project regarding the customary and traditional trade of subsistence products in Southeast Alaska.
- 2011-2012 Research practicum for professor Marie Lowe, Institute of Social and Economic Research (ISER) at UAA, for a project studying the outcomes of scholarship programs offered by Community Development Quota (CDQ) organizations in Western Alaska; my responsibilities included developing "regional profiles" compiled from state and federal databases, participating in and transcribing recordings of focus group interviews, collaboratively designing and conducting telephone surveys, conducting field visits to Western Alaska as part of a research team, and analyzing the data collected in these activities, which involved both qualitative and quantitative data analysis methods. In Summer 2012, transitioned from graduate assistant to part-time research professional within ISER.
- 2012 As a research professional at ISER, prepared a representative literature review, compiled ancillary primary and secondary data, and conducted phone interviews for a telecommunications research project sponsored by the Alaska Broadband Taskforce and conducted by professor Heather Hudson, then director of ISER, studying the impacts of a new broadband Internet infrastructure development in Southwest Alaska recently constructed as part of GCI's TERRA project; the lit review was subsequently utilized by the Taskforce and its other contractors in their own research efforts, and made available for public use on ISER's web site.
- 2014-2017 Co-Principal Investigator for the CHIRP³ grant (Collaboratively Harnessing Indigenous Research Principles, Protocols, and Practices), in partnership with the University of Kansas (KU) Center for Indigenous Research, Science & Technology (C-FIRST); contributed to grant design and implementation, co-hosted Indigenous research workshops, collaboratively analyzed data, wrote up preliminary findings.
