## 1. Response to Question on Travel:

**Question:**

We took photos during the site visit, but there are specific things structural, electrical, and mechanical that will need additional review. And we have to draft As-Builts. Should we include travel fees in our proposal? Or is that something SCF will arrange? Labor for time on-site will be included in the proposal.

**Answer:**

Bidders should include in their proposal all costs, including travel for any future site visits, necessary to deliver 100% Design and Specifications to SCF.
