Alaska Native/American Indian Preference

Alaska Native/American Indian "AN/AI" preference in contracting is applicable and bidders stating native preference must provide a completed statement and proof of Native ownership with the bid. AN/AI owned firms will be awarded a 5% preference. Award of a firm, fixed-price contract for the specified work will be made in accordance with Southcentral Foundation's procurement policies. Owner Background

Southcentral Foundation (SCF) is an Alaska Native-owned healthcare organization serving an estimated 56,146 Alaska Native and American Indian people living in Anchorage, the Matanuska-Susitna Valley, and 60 rural villages in the Anchorage Service Unit (ASU). SCF's first P.L. 638 contract with the Alaska Area Native Health Service began in 1984 to provide dentistry, optometry, community health representatives and injury control services. Substance abuse treatment was added in 1987.

In 1998, SCF assumed ownership and management of the Anchorage Native Primary Care Center, which serves the entire Native population of the state - an estimated 130,682 people. In January 1999, SCF and the Alaska Native Tribal Health Consortium signed an agreement to take over management of the Alaska Native Medical Center from the Indian Health Service.

With this transition, Alaska became the first state in the nation to have all its health facilities for Native Americans managed by Native organizations.

Project Team Members

SCF will hold the construction contracts for the project.

The project scope includes coordination with SCF's Staff through SCF's Project Manager. The Contractor is also responsible for project closeout including the provisions of Operations and Maintenance Manuals and assignment of written warranties and guarantees as required in the contract.

The SCF Project Manager will issue and evaluate all bids responding to this Invitation to Bid (ITB), negotiate a contract with the successful Bidder in coordination with the SCF Contracts Department, and administer the planning and construction of the project.

This Invitation to Bid (ITB) invites Bidders to respond to a fixed set of criteria for the project and a Stipulated Price contract form. Within the framework of this ITB, the SCF Project Manager will review bids to assess each Bidder's submitted price and capabilities to deliver a quality and efficient project that is the most advantageous to the owner. This set of qualifications described in detail in this ITB, will be considered a baseline by which submitted bids will be evaluated.
