EXHIBIT A: Scope of Services

Consultant for Professional Planning and Design Services: Rural Provider and Short-Stay Worker Housing Study

Introduction

Recruitment and retention of rural health care providers is highly contingent upon quality housing. SCF strives to improve the availability and quality of SCF-owned rural provider housing in southcentral Alaska in the villages where SCF provides health care. SCF owns a variety of single family and multi-unit housing structures and is looking to develop an innovative and sustainable strategy for future housing development in our remote communities.

SCF will contract with a professional services firm to lead a nimble team of design professionals to analyze, document, program, plan, and to design (to 35%) a high performance, cold climate appropriate residential modular prototype unit that can be site adapted [for a variety of geotechnical conditions and foundation types], across SCF's rural provider housing portfolio.

The successful firm will provide facility planning through the inventory and assessment of current locations and staffing of SCF's "current state" and make recommendations for "future state" [10-15 years' timeframe] needs of physical space to support planned staffing recruitment and retention goals. The Phase 1 assessment and recommendations will lead to a capital plan outlining development priority locations, preliminary project type [remodel and/or addition to existing or new construction] preliminary construction timelines, and ROM development costs, as well as the preliminary design (Phase 2) of a prototype housing unit that is highly energy efficient, cold climate appropriate, and can be site adapted and flexible in terms of site location/site conditions and also the number of units constructed (1, 2, or 3 units built contiguously on one property, depending on projected need and funding available, among other deciding factors).

This study will include data collection on current, existing clinics and housing stock in SCF inventory in order to support the determination level of need for provider housing per community but will not involve an assessment of existing, currently available housing stock for purchase in each village. Likewise, although some locations with existing housing stock will yield recommendations for demolition and replacement and/or remodel/addition improvements to existing residential structures, the study will focus on the development of a new construction prototype design to be located in the highest-need community without current SCF-owned or is underserving SCF's current housing demand.

An Alaska-licensed architect & engineering team with cold climate housing experience is required. A lean, cross-disciplinary team will be necessary to deliver this effort. The contract ends with 35% design phase. The focus of developing a modular unit design to 35% is with respect to building envelope, innovative concepts [narrative] on building systems, renewable energy potential in rural areas, and floor plan layout – adjacencies, plan efficiencies, etc. Having a prototype unit plan enables SCF to develop its **SCF Rural Housing Strategy Development Plan** (referenced below) with a prototype unit in-hand, knowing it is inspirational and a guideline only.

The prototype must be capable of providing single-family, duplex, or triplex solutions, depending on location and determined needs. High performance building envelope and renewable energy features must be considered.

Firms pursuing this current contract will not be excluded from future RFPs for individual location housing unit designs, as each location will be unique in unit size and type [single family or multi-unit], geography, climate, and geotechnical concerns. The prototype basis of design will be considered inspirational and not a prescriptive specification regarding standards for SCF residential housing construction (building envelope, structural frame concept, standard interior finishes list[provided by SCF].

Phase 1 -- Current State/Future State/Prioritized Needs List – not to exceed \$100,000.

Phase 2 – Rural Provider Housing Unit Prototype – not to exceed \$145,000.

Expenses – not to exceed \$5,000 [travel to existing SCF clinic community locations is not planned; SCF will provide photos and other information as needed to develop this work]

These funds can be adjusted between phases and reimbursable expenses budget as needed to cover necessary efforts at the consultant's discretion.

Total budget allowable for this scope of services -- \$250,000

Schedule

A proposed project schedule (1 page, 8.5 x 11) should be included in the Proposer's response and based on the milestones noted in the RFP. Schedules that may reduce the overall timeframe of each phase of effort are preferred, as reasonable, based on the Scope of Work. Include time for owner review for each deliverable, meetings as required, etc. Travel is NOT required. SCF will share data and photos of all facilities.

Fee

A proposed fee, detailed as line-item amounts and broken into phases and tasks should be included in the Proposer's response and proposed as a Time and Materials, Not to Exceed fee. Include roles, approximate number of hours, and subtotal costs of each role per task in each phase (Phases 1 and 2).

Tasks/deliverables include:

- 1.5-hour meeting to onboard regarding SOW, SCF expectations, and to collaborate on development of stakeholder list and preliminary facility safety risk assessment identification with SCF
- Perform research on SCF-provided data to assess SCF's "current state" with rural provider housing (gather and recording data regarding all current locations served, # of units, # of staff currently served with current housing units, high level assessment of condition of existing facilities [i.e., green/yellow/red], geographic and climate specific factors of impact)
- Make recommendations regarding "future state" in terms of number of units needed per location based on future staffing projections [provided by SCF], suggestion on housing type [single family, duplex or triplex], and other facility planning criteria to inform **SCF's Rural Housing Strategy Development Plan** [to be executed by SCF based on this work].

- Develop, in collaboration with SCF stakeholders, a **Prioritized Rural Provider Housing Needs List** outlining locations that should receive development in order of priority [consultant to develop criteria for SCF to “score” prioritization]
- Develop Aim Statement and Goals (mainly an SCF effort; firm to support/facilitate process only)
- Develop Prototype Unit Space Program – prototype to be 2-bedroom 1.5 bath minimum; compact, highly energy efficient and comfortable unit design is the preliminary goal; excessive space or rooms is not desired
- 10% concept (floor plan, exterior elevations-2 views, brief design narrative: 1-2 pages max for arch/engineering)—this will be a minimal effort; structural foundation concept are not required as the unit will be site adaptive. This said, the unit must be flexible to “receive” a variety of foundation types, so a structural framing narrative addressing this is required. SCF is interested to utilize the most cost-effective construction to be utilized “off the road system” – materials delivered by barge or flown in. Many of our clinics and communities are off the road system and logistics of timing and sequencing for summer construction season is critical when planning for this prototype.
- 35% design of prototype (revised floor plan, revised exterior elevation-two views, 1 exterior wall section describing building envelope; revised narratives describing technical attributes and list of recommended building envelope materials and (1) exterior rendering or sketch)
- 35% design housing prototype preferred materials and finishes list
- This is a preliminary list of tasks/deliverables: to be refined in actual proposal invitation by email/by invite only to interested firms.
- Cost estimating of the 35% deliverable will be required. SCF will contract for this service separately if it is not feasible to include in consultant’s scope of work within budget limits.

Facilities Information and Phase/Task Details:

SCF owns and manages health care clinics and/or housing units in (12) remote Alaska locations (see Map in Exhibit “X”). McGrath, Kokhanok, and Nondalton are the currently identified top priorities by SCF to-date but this assumption will be analyzed alongside other village communities served in order to create a holistic and equitable approach to short stay and provider housing for SCF. Based on preliminary internal analysis, these three villages are assumed to be the highest need locations due to lack of provider and short-stay housing. This lack of reliable, resilient housing continues to hamper SCF’s ability to attract and retain health care workers in these remote, cold climate locations.

SCF’s preliminary approach to developing new housing versus purchasing existing housing stock is to build consistency through design and construction tailored to remote cold climate detailing and technical performance meeting SCF’s design and construction standards, sustainability measures, stability of energy sourcing and resources, and enhancing human comfort and quality of life of health workers and their families.

This study will include an inventory of current, existing clinics and housing stock in order to support the determination of level of need for short stay and provider housing per each remote community but will not involve investigation of additional, existing housing stock in villages that may be available for sale to SCF. A separate effort by others will be required regarding potential land purchases that would enable SCF to develop new housing in locations where SCF does not currently own undeveloped land.

Prior to providing services under this Agreement, Contractor and any individual employed by Contractor providing services under this Agreement shall submit to any necessary criminal background investigation. SCF may perform such investigation and may invoice Contractor for the costs of fingerprinting (if necessary) and applicable criminal history screening. If Contractor and/or any individual employed by Contractor providing services under this Agreement do not meet SCF's criminal history requirements, SCF will provide written notice to Contractor and this Agreement may be terminated immediately.

During the term of this Agreement, Contractor shall immediately provide to SCF written notice of any arrests, charges, convictions, or any other criminal legal action taken against Contractor and/or any individual employed by Contractor providing services under this Agreement. SCF may terminate this Agreement immediately if Contractor fails to provide to SCF written notice of such criminal legal action.

23. General Provisions

- a. Governing Law, Venue, and Jurisdiction.** This Agreement shall be governed, construed and enforced in accordance with the laws of the State of Alaska and the United States of America. All parties expressly agree that should litigation or any legal proceeding be necessary under this Agreement, the same shall be commenced exclusively in Alaska Superior Court, Third Judicial District at Anchorage or in the United States District Court for the District of Alaska.
- b. Legal Construction/Severability.** This Agreement has been negotiated by the parties and their respective legal counsel, if any, and the parties intend and agree that the rule of construction that a document is construed against the drafting party shall not apply to this Agreement. In case any provision of this Agreement is found by a court of law to be invalid, unenforceable, or in violation of law, this Agreement shall be construed as if such invalid or unenforceable provision had never been contained herein and all remaining provisions of this Agreement shall continue to be valid and binding upon the parties.
- c. Ownership of Materials.** All data, materials and documents developed or produced as deliverables under this Agreement (e.g., original computer disks, hard copies of information stored on computer disks, pamphlets, brochures, media releases, video including copyrights, etc.) will automatically become the property of SCF and remain the property of SCF without further compensation to Contractor. Any and all such materials and documents must be submitted to SCF upon expiration or termination of this Agreement. Contractor expressly agrees to ensure that this provision is included in any subcontract of services hereunder. If applicable, Contractor agrees to sign the copyright agreement attached hereto and incorporated herein. Notwithstanding anything else in this Section, Contractor shall retain ownership of templates used in the creation of the work product and

components or modules of the work product which provide business or technical information or utility not unique to SCF's business. To the extent that Contractor's templates, skills, or knowledge are embedded in any work product or deliverable provided to SCF, Contractor grants SCF a perpetual, royalty-free, non-transferable limited license to use such templates, skills or knowledge in the ordinary course of its business as a provider of healthcare services.

- d. **Audit and Examination of Records.** Contractor agrees to maintain and make available for review by SCF all books, records, documents and other evidence pertaining to costs and expenses of this Agreement for examination and audit by SCF for a period of seven (7) years from and after the termination of this Contract. SCF shall have the right to make copies of documents audited and such copies will become the confidential property of SCF.
- e. **Media Contact.** Contractor, its employees, agents, and subcontractors shall not contact any member of the print or electronic media as a representative of SCF without the prior written approval of the President/CEO of SCF. If any member of the print or electronic media contacts Contractor asking for information, Contractor will refuse to comment and will refer the inquiry to SCF's Office of Public Relations. Further, Contractor will not use SCF's name in any advertising, publications, promotional materials or publicity release concerning this Agreement or the services performed under it.
- f. **Entire Agreement.** This Agreement represents the entire agreement and understanding between the parties hereto with respect to the subject matter hereof and supersedes all prior or contemporaneous, express or implied, written or oral agreements, representations and conditions between the parties with respect thereto.
- g. **Captions.** Titles or captions contained herein are inserted as a matter of convenience and for reference and in no way define, limit, extend or describe the scope of the Agreement or any provision thereof.
- h. **Successors, Assignment or Delegation.** This Agreement may not be assigned or subcontracted or otherwise transferred by Contractor without the prior written consent of SCF, which SCF may withhold for any reason or for no reason, in its sole and absolute discretion, and any assignment or other transfer in violation hereof shall be null and void and of no force or effect. If SCF consents to an assignment or subcontract of all or any portion of this Agreement, Contractor warrants to SCF that the assignee or subcontractor shall execute a written instrument agreeing to be bound by all of the terms and conditions of this Agreement, that Contractor shall provide SCF with a copy of the written agreement, and that any such assignment or subcontract shall not relieve Contractor from any obligations hereunder. Contractor further agrees that Contractor shall guarantee the performance of any assignee or subcontractor hereunder. Without limiting the foregoing, this Agreement shall be binding upon, and inure to the benefit of, the parties hereto, and their successors and permitted assigns, if any.
- i. **No Third Party Beneficiaries/Partnership.** This Agreement does not create, and shall not be construed as creating, any rights enforceable by any person or entity not a party to this Agreement. Nothing in this Agreement shall be intended or deemed to create a partnership, joint venture, association, or other similar relationship between the parties hereto.
- j. **Waiver.** No provision of this Agreement may be waived unless agreed to by SCF in writing. No delay on the part of SCF in the exercise of any right, power, or remedy shall operate as a waiver thereof;

nor shall any single or partial exercise by SCF of any right, power, or remedy preclude other or further exercise thereof, or the exercise of any other right, power, or remedy. All rights, powers and remedies shall be cumulative.

- k. Legal Expenses.** If either party to this Agreement brings suit or otherwise becomes involved in any legal proceedings seeking to enforce the terms of this Agreement, or to recover damages for breach, the prevailing party shall be entitled to recover its full reasonable cost and expenses (including fees of attorneys, expert witnesses, accountants, court reporters and others) incurred in connection therewith including all such reasonable cost and expenses incurred in: (i) trial and appellate court proceeding, (ii) bankruptcy or other insolvency proceedings, and (iii) post-judgment collection proceedings.
- l. Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original, and all of which taken together shall constitute a single agreement.
- m. Conflict of Interest.** Contractor shall not refer work to himself/herself/itself or to any prohibited entity in violation of the Stark or anti-kickback provisions of federal law. No amount hereunder is intended to be, nor shall be, construed as an inducement or payment for referral of or recommending referral of patients of Contractor to SCF. Contractor agrees to immediately notify SCF's Contracts Administrator of all situations that fall within the scope of this provision. If any conflicts exist at the time of the execution of this Agreement, Contractor agrees to submit a separate attachment to this Agreement for approval and Contractor acknowledges that this Agreement may be terminated immediately if such conflicts violate the Stark or anti-kickback provisions of federal law.
- n. Force Majeure.** Each party shall not be liable for their respective failure to perform any of their obligations under this Agreement if prevented from performing such obligation by a cause beyond their respective reasonable control, which by the use of due diligence Contractor or SCF, as the case may be, shall not have been able to overcome, including, but not limited to, acts of God, natural disaster, civil commotion, quarantine, fire, labor disputes or any action or non-action by the United States government, including changes in existing legislation affecting the subject matter of this Agreement.
- o. Signatures.** The undersigned individuals executing this Agreement represent and warrant that they are fully authorized to do so and bind the respective party for the purposes provided herein.

Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If Contractor's policy contains higher limits, SCF shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance and the attachments of Additional Insured Endorsements and Transfer of the Waiver of Rights Endorsements must be furnished to SCF Contract Specialist prior to beginning work. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach and grounds for termination of Contractor's services.

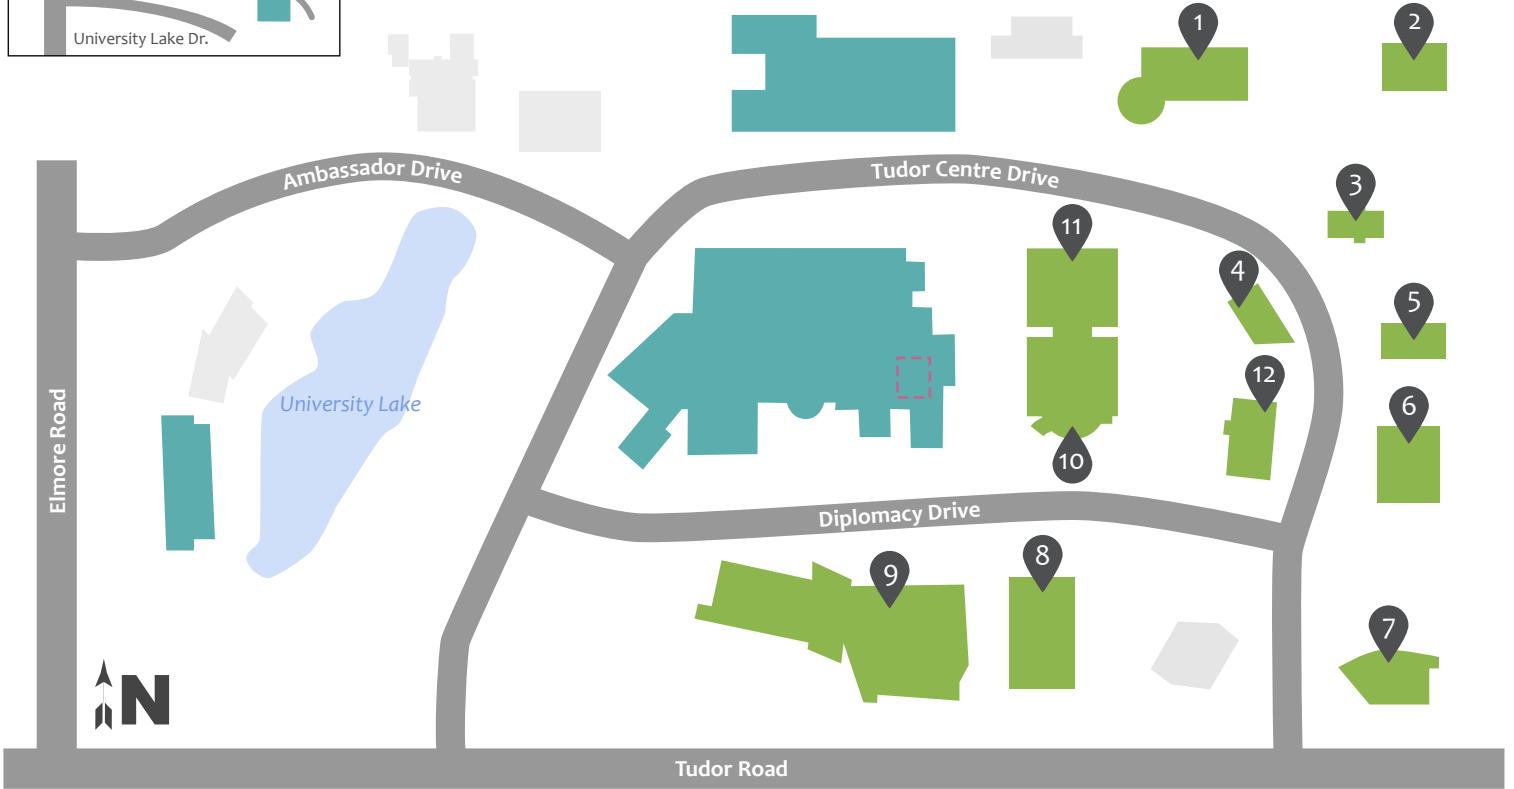

- 1) Commercial General Liability Insurance: Contractor shall provide Commercial General Liability Insurance with coverage limits not less than \$1,000,000 Combined Single Limit for Bodily Injury and Property Damage per occurrence and \$2,000,000 Combined Single Limit of Bodily Injury and Property Damage Aggregate. Contractor shall name SCF as an insured under the CGL, using ISO additional insured endorsements CG 20 10 and CG 20 37 or their equivalent, including coverage for SCF with respect to liability arising out of Contractor's services provided under this Agreement. Additional insured coverage, as required in this subparagraph, will include completed operations and will apply as primary insurance with respect to any other insurance or self-insurance programs afforded to SCF.
- 2) Workers' Compensation Insurance: Contractor must maintain Workers Compensation and Employers Liability Insurance for its own employees in the amount required under Statutory Limits for those states in which employees are working and Employers Liability Insurance as required by state and federal statutes. The employer's Liability Insurance shall not be less than \$1,000,000 per bodily Injury per accident, \$1,000,000 bodily injury by disease per employee and \$1,000,000 bodily injury by disease policy limit. Contractor will also be responsible for ensuring that any subcontractors who directly or indirectly provide services under this contract maintain Workers' Compensation Insurance in the amount required under Statutory Limits. Contractor waives all rights against SCF and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the workers compensation and employers liability or any commercial umbrella liability insurance obtained by Contractor pursuant to this Agreement. Contractor, pursuant to this agreement, shall obtain an endorsement equivalent to WC 00 03 13 to affect this waiver.
- 3) Commercial Auto Liability Insurance: Contractor shall maintain a commercial automobile liability insurance policy covering all owned, hired, and non-owned vehicles to be used or in connection with Contractor, with coverage limits not less than \$1,000,000 per accident combined single limit bodily injury and property damage.
- 4) Subcontracting Requirements: Contractor is required to have prior approval by SCF before using any subcontractor. SCF may, in its sole discretion, withhold its approval for any reason or for no reason. Additionally, Contractor shall be responsible for ensuring that its subcontractors comply with the same insurance provision as required herein and as required by Alaska law during the course of its subcontractors' operations. Contractor shall provide copies of all subcontractors' certificates of insurance and endorsements to SCF prior to any subcontractor commencing work.

- 5) Professional Liability Insurance: Contractor will carry Professional Liability coverage at a limit of \$1,000,000 Per Claim and \$2,000,000 Aggregate.
