# **Novemeber** Exercise Classes

#### **Boot Camp**

Designed to improve strength and endurance with a fun mixture of cardio bursts, plyometrics, core, strength, and body weight trainings.

Modifications can be made for any level.

# **F.I.T.** (Functional Integrated Training)

A dynamic workout that utilizes vitality, performance and reconditioning, kettlebell, and TRX equipment to improve balance, agility, and dynamic strength. Reach goals such as weight management, improved daily functionality, and enhanced sport performance. All movements can be modified to meet individual fitness levels and goals.

# **Functional Strength and Balance**

Improve movement, decrease pain, and learn how to exercise anywhere without equipment. Learn real life movements to simultaneously increase your flexibility, strength, and balance.

# **Healthy Back Strong Core**

Learn how to relieve back pain while strengthening vital core muscles. A strong core is necessary for quality, functional movement.

Learn basic core strength exercises that will help decrease pain and improve quality of life.

## Mind and Body Yoga

Come drop into your inner calm using breath, meditation, and movement. All levels accessible.

#### **Pilates**

A strong core is essential for proper function, efficient movement, optimal performance, and overall strength and power. Pilates will teach you how to engage your core while challenging your entire body.

#### **Recover and Move Better**

Movement and stretching for recovery.

# **Self Myofascial Release**

Myofascial release is a self-massage technique utilized to help relieve pain and tension due to injury or stress. It involves releasing the fascia (connective tissue) that surrounds each muscle and interconnects all internal parts of the body. Various instruments are utilized to release muscular tension.

### **Spin**

A high-intensity aerobic workout that simulates outdoor cycling with motivation and mind/body connection to improve aerobic fitness. This class is high intensity. You will begin sweating after performing the activity for approximately 3-5 minutes; breathing will become deep and rapid.

#### Tabata GX

A group fitness class that gives participants a dynamic warm up utilizing full range of movement to get the body prepared for a fun and invigorating interval training class.

The intervals will include progressive HIIT (High-intensity Interval Training), max interval, and mixed intervals. The class will also include one group or partner game to create camaraderie, community, and connection. Tabata GX is not a HIIT program.

# **TRX Strength**

A complete body workout using multiple planes of motion and your body weight to build power, strength, flexibility, balance, mobility, and to prevent injuries. You choose the intensity.

#### Yoga

Looking to relieve back pain, strengthen your core, improve your flexibility, relieve stress, or perhaps gain a competitive edge in sports? Join this all-levels class.
