RFP SCF25-1183 SCF Security Cameras Comments, Questions and Answers

	Date Received	Comment or Question Provided by Bidder	SCF Response	RFP Reference (If Applicable)
1	11/20	In the SOW section, you reference a table with location and camera counts, but it does not appear to be in the document.	Please see Addendum 2. (Server information attached)	Addendum 2
2	11/20	On exhibit B proposal offer you requesting pricing to be submitted on line A. Is this the total annual price or price per camera you want listed here?	We currently get a price per camera and/or server, which I think is helpful and fair as we continue to grow the program/camera count.	
3	11/24	Bid bond. Is this necessary for a maintenance agreement? Generally this a requirement for construction projects when large capital expenditures are required. Not a maintenance contract of this size.	A bid bond will not be required for RFP SCF25-1183.	
4	11/24	Insurance requirements. You are requesting professional liability in addition to general liability to include sexual harassment claims.	Section 7. Standard Contract Terms 7.5 Insurance Requirements Paragraph 3. Sentence 2 (The policy will be endorsed to include sexual abuse coverage with a minimum separate limit of $1,000,000 per claim.) will not be a requirement of RFP SCF25-1183.	Section 7., 7.5, 3
5	12/4	Can we get information on the software version for each server that has Avigilon VMS?	On server side we are running mostly 7.14.42.6 (Server 1 and AIA 1 are on 7.14.20.14) and for the ACC7 we are running 7.14.34.4 (see attached)	
6	12/4	Are you looking to include the costs for the Avigilon SSAs fees or is that information that the awarded vendor will get later to supply costing on?	Included in cost.
