goods and services are provided in strict accordance with the specifications, samples, drawings, designs or other requirements (including performance specifications) approved or adopted by SCF,

6. The prices for the goods or services sold to SCF under this Order are not less favorable than those currently extended to any other customer for the same or similar goods and/or services in equal or lesser quantities, and
7. Bidder shall not act in any fashion or take any action that will render SCF liable for a violation of any applicable anti-bribery legislation (including without limitation, the U.S. Foreign Corrupt Practices Act and the U.K. Bribery Act 2010)

PART 1 - GENERAL

1.01 PROJECT GENERAL DESCRIPTION

Enterprise Virtualization / HCI Host Cluster Hardware Replacement

Minimum Technical Requirements (Final – Procurement Use)

Purpose

Southcentral Foundation (SCF) seeks proposals for replacement of end-of-life enterprise virtualization/HCI host hardware supporting production workloads. The proposed solution must provide equivalent or better performance across compute, memory, storage, networking, management, security, and support using manufacturer-neutral requirements.

Base Scope

Five (5) enterprise rackmount virtualization/HCI hosts, including required accessories, delivery, documentation, and 60 months of manufacturer-backed or authorized next-business-day onsite hardware support. Provide optional unit pricing for one (1) additional identical or equivalent host.

Minimum Technical Requirements

2U rack-mounted servers or smaller

- Dual-socket or equivalent CPUs, minimum 64 physical cores per host total
- Minimum 768 GB DDR5 ECC RAM per host
- Redundant mirrored boot devices ($\geq 2 \times 480\text{GB SSD/M.2}$)
- Minimum 4 \times enterprise NVMe SSDs ($\geq 7.68\text{TB}$ each)
- Minimum 4 \times 25GbE SFP28 ports per host
- Redundant hot-swappable power supplies
- Rack rails, cable management, and required accessories included

Management & Security

Enterprise out-of-band management with remote console, lifecycle management, and RBAC

- No mandatory outbound cloud dependency without approval
- TPM, Secure Boot, signed firmware, and supply chain validation features

Compatibility

Solution must support SCF's production virtualization platform (VMware vSphere/ESXi or approved equivalent). Vendor must provide compatibility documentation.

Support

Minimum 60-month next-business-day onsite hardware support for all components.

Proposal Requirements

Full bill of materials

- Compliance matrix
- Per-host and total pricing
- Optional additional host pricing
- Lead time and price validity
- Shipping and supply assumptions
- Warranty/support details
- Exceptions list

Alaska Native/American Indian Preference

Alaska Native/American Indian "AN/AI" preference in contracting is applicable and bidders stating native preference must provide a completed statement and proof of Native ownership with the bid. AN/AI owned firms will be awarded a 5% preference. Award of a firm, fixed-price contract for the specified work will be made in accordance with Southcentral Foundation's procurement policies. No bid shall be withdrawn for a period of thirty (30) days subsequent to the submission date without the written consent of Southcentral Foundation.

Owner Background

Southcentral Foundation (SCF) is an Alaska Native-owned healthcare organization serving an estimated 56,146 Alaska Native and American Indian people living in Anchorage, the Matanuska-Susitna Valley, and 60 rural villages in the Anchorage Service Unit (ASU). SCF's first P.L. 638 contract with the Alaska Area Native Health Service began in 1984 to provide dentistry, optometry, community health representatives and injury control services. Substance abuse treatment was added in 1987.

In 1998, SCF assumed ownership and management of the Anchorage Native Primary Care Center, which serves the entire Native population of the state - an estimated 130,682 people. In January 1999, SCF and the Alaska Native Tribal Health Consortium signed an agreement to take over management of the Alaska Native Medical Center from the Indian Health Service.

With this transition, Alaska became the first state in the nation to have all its health facilities for Native Americans managed by Native organizations.

The SCF Purchasing Agent will issue and evaluate all bids responding to this Invitation to Bid (ITB), negotiate a contract with the successful Bidder in coordination with the SCF Contracts Department, and administer the planning and construction of the project.

This Invitation to Bid (ITB) invites Bidders to respond to a fixed set of criteria for the project and a Stipulated Price contract form. Within the framework of this ITB, the SCF Project Manager will review bids to assess each Bidder's submitted price and capabilities to deliver a quality and efficient project that is the most advantageous to the owner. This set of qualifications described in detail in this ITB will be considered a baseline by which submitted bids will be evaluated.
