RE: Addendum No. 4

Issue Date: 28th October 2026

This document forms a part of the Purchasing Documents and modifies original Procurement Documents dated October 6th, 2026. Acknowledge receipt of this Addendum on page 34 (thirty-four) of the Bid documents. Failure to acknowledge receipt of this addendum may subject Proposers to disqualification.

This Addendum consists of 2 page(s) and 1 document

Addendum No. 4 – Registered Bidders Questions/ SCF Responses

This addendum provides SCF's official responses to questions submitted by registered bidders. These responses are incorporated into the solicitation and shall be considered when preparing proposals. All other solicitation requirements remain unchanged.

ITB SCF27-1202- Comments Questions Answers

	Date Received	Comment or Question Provided by Bidder	SCF Response	RFP Reference (If Applicable)
1	10/7	<p>Bidder Type / White-Glove Installation Services After fully reviewing the RFP, it appears that the project is intended primarily for a contractor rather than a medical equipment distributor to bid.</p> <p>In previous SCF equipment bids, there have been provisions allowing distributors to provide white-glove services, including delivery, installation, and related services, all included in one price, with a separate exhibit outlining the specific scope of work. This is like the structure used in SCF25-1182 for YeshTesh.</p> <p>Will there be an amendment to this RFP that allows distributors to include white-glove installation and related services, consistent with how SCF has structured many of its previous equipment bids? There is an A151 contract for distributors and white glove installation SCF has used in the past</p>	SCF will issue an addendum permitting bidders to submit proposals for equipment only or equipment with white-glove installation services. <u>Note</u> : Bidders or contractors proposing installation services must complete Pre-Construction Risk Assessment Form in the contracting phase fro risk midigation for our customer owners.	
2	10/7	<p>Authorized Dealer Requirement Is SCF requiring bidders to be an authorized dealer/distributor of the products they are proposing? In previous SCF solicitations, this has been an important requirement to ensure that SCF receives new, manufacturer-authorized equipment and to avoid used, refurbished, or unauthorized/resold products.</p>	All equipment identified in Appendix A must be new, manufacturer-authorized Welch Allyn equipment to ensure compatibility and connectivity with SCF's existing Cerner system. Substitutions, refurbished equipment, or alternate manufacturers will not be accepted.	
3	10/7	<p>Bid Security and Contractor Forms If there is no amendment allowing distributors to include white-glove installation services, and the current language is intended specifically for contractors, would a distributor's bid be disqualified if we do not submit the Bid Security Form or other contractor-specific forms?</p>	Refer to Question 1	
4	10/7	Is the Bid Security form necessary to bid?	Submission of the Bid Security Form is not required for this solicitation.
